

**Category:** Class II Equipment

**Item Name:** Ultra-Lightweight Camouflage Net System (ULCANS)

**NSN:**

- Woodland R/S 1080-01-457-2956
- Desert R/S 1080-01-475-0696
- Woodland R/T 1080-01-475-0697
- Desert R/T 1080-01-475-0694

**LIN:** C89480

**Part Number (Model Number):** 13226E0964-2

**Description:** ULCANS is a durable, snag resistant camouflage screen system and support system that replaces the LCSS. The robust ULCANS design utilizes a one-piece shape disrupter that holds onto the screen reducing probability of Foreign Object Damage (FOD) to systems/equipment and risk to personnel. ULCANS is 25%-30% lighter than LCSS.

**Dimension:** The hex has a surface area of 673.6 ft<sup>2</sup> and the diamond 224.5ft<sup>2</sup>

**Weight:** 90 - 100 lbs

**Capability:** ULCANS is camouflage providing increased survivability and multi spectral signature suppression to counter visual, near-infrared, shortwave infrared and radar threats, providing thermal signature suppression. ULCANS anti-snag design allows for quicker deployment/recovery.

**Electrical Power:** None

**Transportability:** Traditional modes

**Used By (Service):** Army

**Other Characteristics:** Woodland & Desert Radar Scattering (R/S) & Woodland & Desert Radar Transparent (R/T) variants available through supply system, CTA Item, CECOM LCMC managed

**Primary Inventory Control Authority (PICA):** NIMSC 5

**Supportability:** Standard Army Retail/Wholesale Supply Systems, TM 5-1080-250-12&P
