

**Category:** Services

**Item Name:** Containerized Kitchen (CK)

**NSN:** 7360-01-473-3408

**LIN:** C27633

**Part Number (Model Number):** NA

**Description:** The CK is a mobile field kitchen that provides an efficient, rapidly deployable food service capability as part of the Army Field Feeding System (AFFS). The CK consists of a combination of existing GOTS and COTS kitchen equipment integrated into an expandable 20ft ISO container mounted on a tactical trailer and towed by a 5 ton FMTV cargo truck. The CK supports 800 soldiers with three hot meals per day. The CK is powered by an on-board 10kW MEP-803A generator. It contains 6 Modern Burner Units (MBU), 2 commercial refrigerators, and 1 ECU.

**Version:** N/A

**Dimension:** 25'x23'x11-½' (fully expanded)

**Weight:** 20,500 lbs

**Capability:** Capable of supporting up to 800 Soldiers with three hot meals per day. Each CK replaces two Mobile Kitchen Trailers.

**Electrical Power:** 10kW (includes generator)

**Transportability:** Air, land and sea

**Used By (Service):** Army

**Other Characteristics:** NA

**Support Equipment (Ancillary):** The CK is towed by a 5-ton FMTV or M923 cargo truck.

**Primary Inventory Control Authority (PICA):** NIMSC 5

**Supportability:** TM 10-7360-226-13&P
