15,000 lbs

## TECHNICAL DESCRIPTION:

Power

120/208 VAC, 60 Hz, 3 phase, 100 amps

Prime Mover

LVSR, MTRV, 20 ft ISO Container Trailer

## FUNCTIONAL DESCRIPTION:

A self-contained transportable multi-application utility shelter and member of family of standard rigid wall ISO shelters used by branches of the Department of Defense. The Marine Corps has integrated Individual Activity Modules (12 work stations) for work surface areas into the base shelter which forms the CEEMC Configuration. The CEEMC provides an expeditionary, environmentally-controlled work space used as a mobile communication electronics equipment maintenance and repair facility.
