

US Army CELCM Command

MIL-F-14072

Finishes for Ground Based Electronic Equipment

8 March 2005

PRESENTED BY:

Jeffrey Carver

MIL-F-14072 Revision D

- Refers to 65 Other Documents**
 - 6 Inactive for New Design**
 - 27 Cancelled**
 - 7 Cancelled Without Replacement**
 - 16 Cancelled With Direct Replacement**
 - 3 Cancelled with Multiple Replacements**
 - 1 Recommends Consultation, not Direct Replacement**

MIL-F-14072D

- **201 Documents in ASSIST refer to 14072**
 - **These documents are from the Air Force, Navy and DLA**
- **Approximately 122,000 Local Drawings refer to 14072 Revision D**
 - **Revisions B and C are Still Referenced in Some Drawings**
 - **If 14072 Were Canceled, These Drawings Would Take Years to Update**
 - **It is Doubtful That They Would Ever Be Updated**

MIL-F-14072 Revision E

- Will Coordinate Revision Through:
 - Electronics Industries Alliance
 - G-11 Passives Components Group
 - G-12 Active Components Group
 - Aerospace Industries Association
 - All Military Activities listed in ASSIST
 - Document Improvement Comment Submitters
 - Any Other Interested Parties

Replacement Documents

- Several Federal and Military Documents Replaced by SAE Documents
 - Most were Navy Documents
 - Replacement Documents are Identical
 - Little, if any, impact
- Other NGS Documents Supersede Military/Federal Documents
 - Not Always Exact Duplicates
 - Replacement Documents Must be Evaluated
 - Tailoring Often Required
